

Study # 0709000079

#### What it's about

You are invited to participate in a research study about your university experiences. The information from this National Survey of Student Engagement (NSSE) is used by faculty and administrators at your institution and by other higher education leaders to improve the university experiences of undergrads. Study participants are primarily first-year and senior students selected from the bachelor's degree-seeking students at your institution.

Students from universities across the country are also being asked these same questions — about how they spend their free time, what they feel they have gained from classes, and their interaction with faculty and other students. Filling out the questionnaire takes about 15 minutes. Your participation is completely voluntary. Declining participation or leaving the study will not result in any penalty or loss of benefits to which you are entitled.

#### Things you should know

This survey is conducted on behalf of your institution by the Indiana University Center for Postsecondary Research; we will send your identified responses to your university for institutional assessment. Your university and the Center will make every effort to keep your responses confidential, although we cannot guarantee absolute confidentiality. No information associated with your name will ever be released publicly, but personally identifiable survey responses may be inspected by university and government organizations when required by law.

If you have questions at any time about the study or the procedures, you may contact the National Survey of Student Engagement at [nsse@indiana.edu](mailto:nsse@indiana.edu) or by calling 812-856-5824.
