

11:39:03 From Jillian Kinzie : HI Everyone. Thanks for viewing the BCSSE webinar

11:39:52 From Jillian Kinzie : See the surveys: <http://bcsse.indiana.edu/>

11:44:08 From Jillian Kinzie : BCSSE concepts and items relate strongly to FY retention, successful transition to college. so tying items, scales results to student persistence is important.

11:53:48 From Jillian Kinzie : PLANS FOR ADMINISTRATION within the CSU:

11:53:51 From Jillian Kinzie : From Derek Gutierrez : Here at CSUMB we are considering an email delivery/administration format that will coincide with our post-summer orientation communication and welcome week registration.

From Erryn Rivers : At CSUS we are also planning an email delivery system for the BCSSE

From Khat A. Tarvirdian : Here at CI we are thinking of administering the BCSSE during Orientation.

From Erryn Rivers : I believe so - I am new to the planning process

From Erin Littlepage : We are interested in embedding in NSO, but are concerned about timing. We are also concerned with overwhelming students during NSO - at Stanislaus. I think CSUS may be Sacramento.

From Erryn Rivers : yes I am at Sacramento

From Ben Juliano (Chico) : I believe we are planning on administering BCSSE during Summer Orientation at Chico.

From Erin Littlepage : What kind of incentives have others used?

From Jillian Kinzie : simple giveaways like coffee or bookstore gift certificates, university swag!!

From Erryn Rivers : lotteries for book

  

12:11:08 From Jillian Kinzie : IDEAS FOR INSTITUTIONAL DATA USE:

12:11:12 From Jillian Kinzie : From Khat A. Tarvirdian : Here at CI we are thinking of EOP, Foster Youth, Veterans, Multi-cultural dream center

From Emily Shindlecker : At SFSU we will be sharing these data with our First-Year Experience team & our Transfer Advisory Committee

From Erin Littlepage : GREAT (Graduation Rate Excellence Assessment Team) Steering Committee and Workgroups, Advising Success Center at Stanislaus.

From Jillian Kinzie : Excellent! i urge you to brainstorm groups to invite to take advantage of specific data points, and for special populations.

From Jillian Kinzie : Making new friends was a worry at SCSU and they gently addressed this in their FY seminar!

From Jillian Kinzie : The do you expect to graduate is revealing - students who indicate this, this early is a strong indicator of their uncertainty, or lack of commitment to the institution (when paired with 1st choice question) - could inform how to help connect these students specifically.

  

12:21:21 From Jillian Kinzie : THINKING ABOUT MODULES:

12:21:23 From Jillian Kinzie : From Erin Littlepage : Two modules - correct? On NSSE?

From Jillian Kinzie : yes, 2 modules is all we permit

From Jillian Kinzie : modules only on NSSE

From Erin Littlepage : Thank you

From Jillian Kinzie : I think the FY/SR Transition module is great to pair with a BCSSE administration

From Khat A. Tarvirdian : I agree Jillian!

From Jillian Kinzie : The NSSE Advising Module might also be good if Advising is a major initiative of your GradInitiative.

12:28:08 From Jillian Kinzie : COSTS and FINAL DETAILS:

12:28:12 From Jillian Kinzie : From Jillian Kinzie : Important for CSUs to know the VALUE of BCSSE that CO is providing!!

From Emily Shindledecker : Will the CO be covering costs for both entering first-year students as well as entering transfer/delayed entry students?

From Chenoa Woods : Yes, the CO will cover all costs.

From Emily Shindledecker : Also, who should be listed as the billing contact for the BCSSE registration? Someone from the Chancellor's Office or a contact within our institution?

From Emily Shindledecker : Thank you, Chenoa!

From Jillian Kinzie : We will send invoice to Chancellors office.

From Chenoa Woods : No need to worry about the reimbursement process!

From Jillian Kinzie : Please be in touch with good ideas - would be helpful to share administration approaches

From Eun Rhee : Thank you

From Chenoa Woods : Great, thanks for your participation. If you have questions for the CO, you can address them to me: [cswoods@calstate.edu](mailto:cswoods@calstate.edu)

From Khat A. Tarvirdian : Question: I'm curious do you have a referred or effec

12:29:13 From Jillian Kinzie : CHENOA email: [cswoods@calstate.edu](mailto:cswoods@calstate.edu)

12:30:48 From Jillian Kinzie : FINAL QUESTIONS:

12:30:52 From Jillian Kinzie : From Khat A. Tarvirdian : Question: I'm curious do you have a referred or effective way to disseminate reports to staff/faculty?

From Jillian Kinzie : Short reports about THEMED items, spaced out when relevant. Foreexample, BCSSE results about FY concerns might help, maybe a Fac Development session on expectations for engagement,

From Pete Van Hamersveld : Will the BSSE participants be informed that their responses will be used by advisors? In otherwords, just just summary data. Not entirely confidential.

From Jillian Kinzie : Informed consent indicates confidential not anonymous.
