

From Me to Everyone: 12:53 PM

Welcome to the Webinar!

From Jillian Kinzie to Everyone: 12:54 PM

Participants: please open the chat and move it to the left of the slide show. This way you can see the chat as it happens. we hope.

From mary, Captioner to Me: (Privately) 01:44 PM

hello! can you make me a host so i can set up captions?
or "panelist"
thank you!

From Me to mary, Captioner: (Privately) 01:44 PM

Hi Mary, i changed your status to include the CC permission.

From mary, Captioner to Me: (Privately) 01:45 PM

great thank you!

From Me to Everyone: 01:49 PM

Hi everyone, we will start in about 12 minutes. If you have your video enabled, please disable it. if enabled it pops up in a new window. thanks!

From carlopez to Me: (Privately) 01:49 PM

Good Day Bob. I was wondering if the audio will comes out when the meeting starts. I can't hear anything now.

From Me to ghewitt: (Privately) 01:49 PM

Hi, can you turn off your video (webcam)? We won't be needing it. thanks

From Me to carlopez: (Privately) 01:50 PM

I'll do a sound test in a minute.

From carlopez to Me: (Privately) 01:51 PM

Thank you so much

From Daryl Iverson to Everyone: 01:51 PM

I hear you well

From Imrotunni to Everyone: 01:51 PM

we hear you

From lightmc to Everyone: 01:51 PM

Sounds good

From Merri to Everyone: 01:51 PM

Sounds great

From Katherine Scheuch to Everyone: 01:51 PM

Sounds good

From CSE to Everyone: 01:51 PM

CSE can hear you loud and clear

From SAKHTAR to Everyone: 01:51 PM

sounds good!

From jparsons to Everyone: 01:51 PM

I hear you well

From Sarah Z to Everyone: 01:51 PM

Sounds fine

From Walsh University to Everyone: 01:51 PM

sounds good

From Hong to Everyone: 01:51 PM

Good.

From CMcManus to Everyone: 01:51 PM

Sounds great!

From Susan Barker to Everyone: 01:51 PM

yes, sounds good!

From ghewitt to Me: (Privately) 01:51 PM

sounds good

From Western Michigan University to Everyone: 01:51 PM

Perfect sound.

From tdahlstr to Everyone: 01:52 PM

Sound is fine here.

From tue50686 to Everyone: 01:52 PM

Sounds good

From Hong to Everyone: 01:52 PM

Thanks.

From Western Michigan University to Everyone: 01:52 PM

Yes, can hear you perfectly.

From CSE to Everyone: 01:52 PM

Loud and clear

From Western Michigan University to Everyone: 01:52 PM

Jillian

From Daryl Iverson to Everyone: 01:53 PM

Can hear you well too.

From SAKHTAR to Everyone: 01:53 PM

how do we get the presentation?

From Me to Everyone: 01:53 PM

If your video is enable, please disable it.

From Sarah Hurtado to Everyone: 01:54 PM

Hi Everyone--I will be answering questions via the chat. Feel free to ask questions!

From Me to Everyone: 01:54 PM

The presentation should be the largest portion of your screen with "Your Institutional Report 2017 - Step by Step" at top

From Virginia Lacefield to Everyone: 01:54 PM

I am new to the NSSE project at my school. Is there any data in the binders that is not also available via digital download from our account on the NSSE portal?

From Sarah Hurtado to Everyone: 01:55 PM

Also, after the webinar it will be uploaded to our webinar archive:

<http://nsse.indiana.edu/webinars/archives.cfm>

From Me to Everyone: 01:55 PM

Hi Virginia - Yes, there is quite a bit of additional material not in the binder! We will share a lot of that with you today.

From Hong to Everyone: 01:55 PM

Thanks Bob.

From John to Everyone: 01:56 PM

sound fine here. John, FAU

From KDietrich to Everyone: 01:56 PM

Should I hear something now?

From Sarah Hurtado to Everyone: 01:57 PM

Yes, KDietrich you should be hearing Bob and Jillian talking

From carlopez to Everyone: 01:57 PM

I can't hear

From Sarah Hurtado to Everyone: 01:58 PM

If you are having some trouble with the sound you might have to test your audio

To Test: Click the arrow next to the microphone at the bottom left corner of your Zoom screen and Click "Test Computer Audio"

From Me to Everyone: 01:58 PM

Yes, Jillian is talking now

From Daryl Iverson to Everyone: 01:58 PM

All of ours use tablets

From Sarah Hurtado to Everyone: 02:00 PM

Excuse me--Click the arrow, then "Audio Options" and then you'll be able to click "Test Computer Audio"
Hi--if you're just logging in, please make sure to disable your video and audio. Thanks!

From Virginia Lacefield to Everyone: 02:00 PM

Thanks, Bob!

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:02 PM

Webinar Archive is here: <http://nsse.indiana.edu/webinars/archives.cfm>

From Imrotunni to Everyone: 02:04 PM

the sound here just got muddy, is this your issue or ours?

From Carrie Perot to Everyone: 02:04 PM

How do you get rid of the chat popping up again?

From Western Michigan University to Everyone: 02:05 PM

Yes, please address question #8 for sure

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:05 PM

If you click on "More" at the bottom right of the chat box you can click "Merge to meeting window" and it will just stay on the side of the presentation

From KDietrich to Everyone: 02:08 PM

Whenever you get to weighting...I thought I knew what it is, but can you break down an example. Let's say we have 100 students in the pool: 75 (75%) females and 25 (25%) males. Let's say that all 75 (100%) of the females responded, but only 3 of the 25 males responded. Can you please show how weighting would be applied in this situation? Thanks.

From Allyson Hettrick - Warren Wilson College to Everyone: 02:09 PM

At some point, Could you address how to interpret high sampling error or standard error rates?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:10 PM

Hi KDietrich, if they don't get to it in this webinar, here's some information about NSSE weighting:
<http://nsse.indiana.edu/html/weighting.cfm>

From Christine to Everyone: 02:11 PM

Just joined

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:11 PM

Allyson Hettrick--if we don't get to that today, please feel free to email us with your questions at nsse@indiana.edu

Hi Christine, thanks for joining us!

From Christine to Me: (Privately) 02:11 PM

Hi! I don't hear anything

From lindsay.buchko to Everyone: 02:12 PM

I do not see the poll

From jparsons to Everyone: 02:12 PM

no poll as yet...

From ER to Everyone: 02:12 PM

a

From rebecca.klase to Everyone: 02:12 PM

do not see poll

From Ester Rogers to Everyone: 02:12 PM

i can't see the poll

From ladams to Everyone: 02:12 PM

I do not see the poll on the Zoom screen

From smclaughlin to Everyone: 02:12 PM

did not see the poll
poll

From jparsons to Everyone: 02:12 PM

no poll

From townsendlm to Everyone: 02:12 PM

unable to see poll either

From Western Michigan University to Everyone: 02:12 PM

I didn't see the poll

From Nathan Grant to Everyone: 02:12 PM

I have not received a physical binder as in previous years. Is there a physical binder? Are all materials that would be in the physical binder online?

From tdahlstr to Everyone: 02:12 PM

Never got the poll

From Imrotunni to Everyone: 02:13 PM

the audio is scratchy...what can be causing this?

From mjones to Everyone: 02:13 PM

Didn't see the poll or the results.

From Imrotunni to Everyone: 02:13 PM

is anyone else having audio quality issues?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:13 PM

To those who couldn't see the poll--it's no longer achieve. The results are showing. You should see a button for polls at the bottom of your Zoom screen. We'll do another one in the webinar so hopefully we can get that fixed

From Virginia Lacefield to Everyone: 02:14 PM

So there's nothing that's ONLY in the binder and not available elsewhere, correct?

From townsendlm to Everyone: 02:14 PM

bttuns available at bottom of Zoom are Participants, Chat, invite, share screen, record, closed caption

From Ester Rogers to Everyone: 02:15 PM

Hi Sarah— There is no poll button at the bottom of screen

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:15 PM

Virginia--you can see everything in the binder in the interface. However, there are a couple of things that you can only see in the interface.

From Nancy Helsper to Everyone: 02:15 PM

Could you provide raw data in Excel format? We have to find someone with SPSS and then export to Excel.

From Sarah Z to Everyone: 02:16 PM

I don't have SPSS - could you provide Excel files of the raw data?

From Karine Korman to Everyone: 02:16 PM

When will the 2017 data be available in the report builder?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:16 PM

Hi Nancy and Sarah Z--reach out to your NSSE team and they might be able to help you out.

From sgivens to Everyone: 02:16 PM

How long will the data be available in the user interface?

From narine.hakobyan to Everyone: 02:17 PM

We decided to report only on first-time, first-year students, can we get a comparison report for this group. We know that other universities define their first year student in a different way

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:18 PM

2017 data will be in the Report Builder-Institution Version later this fall

Hi sgivens--your data and reports remain in the interface! You can access them any time!

From narine.hakobyan to Everyone: 02:18 PM

can we also get a comparison report for all respondents and not only for those we decided to report on

From Allyson Hettrick - Warren Wilson College to Everyone: 02:18 PM

In some of my reports, I have up arrows that are red and I can't seem to change them.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:18 PM

Hi Sarah Z--I mean your team here at NSSE. If you email nsse@indiana.edu one of your team members here will be able to get back to you about your Excel question

From lindsay.buchko to Everyone: 02:19 PM

FYI - captioning is not that great. Behind by about 10 seconds.

From Jillian Kinzie to Everyone: 02:22 PM

Hi Allison. I like your question! You can make those arrow go up by CHANGING or improving educational practices! we should talk more...

Allison - okay, your question was not meant to be funny, right? The UP triangles are showing as RED?

From Beth Tek to Everyone: 02:25 PM

what's the difference between +0 and -0 in this table? We have both?

From Allyson Hettrick - Warren Wilson College to Everyone: 02:25 PM

Jillian - yes. Some of the UP triangles are showing as RED.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:26 PM

Hi Beth--That's a good question. That might be due to rounding.

From Jillian Kinzie to Everyone: 02:27 PM

Beth: and no real difference. we're graphing the difference.

From Beth Tek to Everyone: 02:27 PM

Ok so we should interpret the 0 neutrally, and disregard the + and -?

From Jillian Kinzie to Everyone: 02:28 PM

Yes. the length of the bar should draw your attention first.

From jparsons to Everyone: 02:28 PM

Any chance in separating Canadian vs American universities for these overall comparisons?

From narine.hakobyan to Everyone: 02:30 PM

how you define first-year students

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:30 PM

We define first-year students as any student who does not have enough credit hours to be a Sophomore at their institution.

From srowland to Everyone: 02:31 PM

Will this recording be emailed to everyone after the webinar or made available in some type of capacity?

From Jillian Kinzie to Everyone: 02:31 PM

J parsons - are you talking about for the top 10/50% report?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:31 PM

That definition includes first-time first-year as well as any transfer or students who are taking more than one academic year to acquire enough credits to be a Sophomore

From narine.hakobyan to Everyone: 02:31 PM

can we get a comparison report only for first-time first-year students

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:32 PM

It's possible to request a custom analysis. Please email nsse@indiana.edu and we'll be able to get you more information about that process.

From sgivens to Everyone: 02:32 PM

OMG, I just realized how many RED bars we have :(

From Saint Mary's University to Everyone: 02:32 PM

From Jillian Kinzie to Everyone: 03:31 PM

J parsons - are you talking about for the top 10/50% report?

From Virginia Lacefield to Everyone: 02:32 PM

It's ok. None of us live in Lake Wobegon. :)

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:33 PM

sgivens--use it as motivation! And know that we are here to help in any way we can :)

From Jillian Kinzie to Everyone: 02:33 PM

S. Givens: lots of opportunity for improvement!

From Gina Polychronopoulos to Everyone: 02:34 PM

but, the multi-year reports are cross-sectional, not longitudinal. correct?

From Pat to Everyone: 02:35 PM

For the multiyear report, If the confidence intervals don't overall from one year compared to another, does that mean that the difference is statistically significant?

For the multiyear report, If the confidence intervals don't overlap from one year compared to another, does that mean that the difference is statistically significant?

From Jillian Kinzie to Everyone: 02:35 PM

multi-year reports are cross sectional. you have the capacity to make them longitudinal since you have the data...

From Gina Polychronopoulos to Everyone: 02:36 PM

Thank you Jillian!

From sgivens to Everyone: 02:36 PM

I have downloaded the raw data and was working with some frequencies based on my grouping variables. Is there a way for NSSE to run me a frequency report based on one of my grouping variables? NSSE's frequency report is so much better than SPSS output reports.

From narine.hakobyan to Everyone: 02:36 PM

can we get a comparison report for all respondents and not only for we decided to report on

From cgiannoulis to Everyone: 02:36 PM

I would love a link of the paper of effect sizes in NSS
would you be so kind and share it
NSSE*

From Dianne Raubenheimer to Everyone: 02:37 PM

Is it possible to get a specific list of schools that participated in the modules?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:37 PM

sgivens- the first group variable gets added to the Report Builder for you, which will happen later fall. If you want any additional analysis, email us and we can discuss a custom analysis!

From Nicole to Everyone: 02:38 PM

The total number of students reported on the printed NSSE reports differs from what came in the SPSS file. A difference of 6 students. Can anyone explain why the two would differ? I am guessing these are the students with no data in the weight1 or weight 2 columns, but not sure why.

From ER to Everyone: 02:39 PM

a

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:39 PM

Hi Dianne- email us and we can get that information for you.

From Jillian Kinzie to Everyone: 02:39 PM

Dianne. good idea, let me look into such a list!

From ladams to Everyone: 02:40 PM

Can't see this poll either.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:40 PM

Hi Nicole--email us and we can have someone work with you on that. nsse@indiana.edu

From jparsons to Everyone: 02:40 PM

no poll

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:41 PM

If you see a button on the bottom of your Zoom screen for Polls- click that and it should pop up
If you don't see that button, I'm not sure what's happening. Sorry about that. We'll have to figure out that issue for the next webinar

It's our first time in Zoom so we are still learning!

From narine.hakobyan to Everyone: 02:41 PM

can we get frequencies even if we have less than 5 respondents in a major

From Rohem to Everyone: 02:41 PM

A question about the majors reports. If a student self-reported a major we do not offer at the institution, how will this be corrected?

From Pat to Everyone: 02:41 PM

How do I know if a difference between our first-year students' data and corresponding senior data is significant?

From fusterbj to Everyone: 02:41 PM

Question: we used to be able to break down our NSSE results into all of our majors - approximately 50!
And for us this was somewhat useful. Why can we only customize 10 majors now?

From ladams to Everyone: 02:42 PM

Re: Major Field Report customization: if we do this, how do we know that the comparison groups are apples-to-apples if other people change the composition of their major filed groups?

From wolson to Everyone: 02:42 PM

Can we see student comments on line?

From Rohem to Everyone: 02:42 PM

Same question as ladams

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:43 PM

Hi fusterbj--You can customize them into major categories. So you can place majors together in up to 10 different groups.

From Ray Quirolgico to Me: (Privately) 02:43 PM

Which binder tab includes the Student Comments? Is that only available in the download?

From Beth Tek to Everyone: 02:43 PM

Is there supposed to be a student comments resource tab? I dont have it and I missed the beginning of that convo

From ER to Everyone: 02:43 PM

I'm trying to compare my first year students and seniors on the EIs. My means are different from what you report when I use the weight you provide.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:43 PM

ladams and Rohem- When we make the reports we match your comparison groups major categories to what YOU create. So your majors are compared to the same majors at other campuses.

From Me to Everyone: 02:44 PM

yes, student comments are only in the download from the Interface

From fusterbj to Everyone: 02:44 PM

At Sarah Hurtado - I'm aware that we can sort up to 10 majors. We used to be able to get NSSE data by all departments (>50) and found that useful. Why only down to 10 now...?

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:44 PM

Hi Beth--the student comments page is actually earlier in the binder. If you need it it's here:
http://nsse.indiana.edu/2017_Institutional_Report/pdf/Open_Ended_Prompts_and_Student_Comments_Report.pdf

From Pat to Everyone: 02:44 PM

How do I know if a difference between our first-year students' data and corresponding senior data is significant?

From Hong to Everyone: 02:44 PM

How to request major reports?

From colson to Everyone: 02:45 PM

We are going to put our students perceived learning gains on our website under student learning.

From jared prins to Everyone: 02:45 PM

I'd be curious if anyone has used Tableau to visualize NSSE data and if those Tableau workbooks could be shared.

From Gina Polychronopoulos to Everyone: 02:45 PM

where can you download the student comments? I have downloaded the report but it is a .sav file. is it located somewhere else?

From sgivens to Everyone: 02:45 PM

Thank you so much for the continued use of SPSS!!! I LOVE SPSS!

From colson to Everyone: 02:46 PM

We hope to build a dashboard that we can use in-house for some hands-on analyses

From Nicole to Everyone: 02:46 PM

How does grouping the majors benefit my institution? Or is this only beneficial to peers?

From misaacson03 to Everyone: 02:46 PM

We are currently merging internal data of our specific majors with all NSSE data and aligning to our learning outcomes, to be shared with specific departments using Excel dashboards

From NSC to Everyone: 02:46 PM

Pat: it is not recommended to compare your FY and senior students.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:46 PM

Hong- You should be able to complete the Major Field Report process in the interface. The report will actually be released later in the fall

From arredond to Everyone: 02:46 PM

how many people can you share the online report? Also, is this new?

From Rohem to Everyone: 02:46 PM

RE: majors reports. If a student self-reported a major we do not offer at the institution, is there a way to correct this so we are making the best comparisons

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:48 PM

Nicole-- It makes it easier to compare to peers. If you have questions about how to look at majors outside of the report, let us know.

Rohem--I'm actually not sure about that question. I'll defer to Bob. But if he doesn't answer in this webinar, please email us and we will definitely get that answered for you.

From Sarah Z to Everyone: 02:48 PM

Along with Rohem's question - I have a lot of 0's when there should be more numbers for that major. Can I upload information to get better results?

From Nancy Whelchel to Everyone: 02:49 PM

Can we post the link to the Online Report to our website, or can we only share with individuals for whom we create a 'guest' account?

From JN535875 to Everyone: 02:49 PM

Are the online versions of reporting compliant for accessibility requirements?

From Nicole to Everyone: 02:49 PM

We don't use any of the student reported demographics. I bring our data back into our system and get "our version of the truth".

From sgivens to Everyone: 02:50 PM

Once the webinar has closed and the link is created, would someone please send out the link to all of us who have registered?

From Virginia Lacefield to Everyone: 02:51 PM

Seconded!

From sgivens to Everyone: 02:52 PM

The raw data file has Institution-Reported demographics already included, they imported them with our population file.

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:52 PM

sgivens- yes, whatever you included in the population file is then returned to you in the data file. So if you included race/ethnicity or major (as examples), you'll get that back in the data file.

From sgivens to Everyone: 02:52 PM

Variables 164-176 are the Institution Reported items

From Nicole to Everyone: 02:54 PM

those variables were from the fall lookup. I make sure if anything changed (majors especially), that I'm using the most up-to-date data. When I updated the file in Jan, I only checked for enrollment, not any changes to the other fields I reported.

sorry, that was meant to be public

From Dianne Raubenheimer to Everyone: 02:58 PM

Will we receive a copy of the slides?

From Nathan Grant to Everyone: 02:58 PM

When will the recorded webinar be available.

From Daryl Iverson to Everyone: 02:58 PM

Well done!

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:58 PM

We will get this webinar uploaded to the website as soon as possible and it will also include the slides! Recording and slides will be here: <http://nsse.indiana.edu/webinars/archives.cfm>

From ASimpkins to Everyone: 02:59 PM

Thank you!

From Hong to Everyone: 02:59 PM

Thank you Bob and Jillian.

From caustin to Everyone: 02:59 PM

This was a great introduction and really gets me excited to fully engage with the data and get my institution involved in taking action on it!

From ladams to Everyone: 02:59 PM

Will it include the chat Q&A?

From sgivens to Everyone: 02:59 PM

Thank you!!

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:59 PM

We hope to get it uploaded by tomorrow (but it's the first time we are using Zoom, so please give us some grace as we figure it out)

From Hong to Everyone: 02:59 PM

Thanks all.

From Garry Hansen to Everyone: 02:59 PM

Thank you.

From NSC to Everyone: 02:59 PM

Thanks!

From Sarah Hurtado-NSSE Project Associate to Everyone: 02:59 PM

I believe we can save the chat feature, so we will try to get that uploaded as well.

From tdahlstr to Everyone: 02:59 PM

Thanks. Well done.

From Walsh University to Everyone: 02:59 PM

Thank you

From hgarbart to Everyone: 02:59 PM

Thank you; there are some really great new features and reports ...

From UWL to Everyone: 02:59 PM

Thank you!

From Virginia Lacefield to Everyone: 02:59 PM

Thank you!

From Jackie Bowers to Everyone: 02:59 PM

Thank you!

From ER to Everyone: 02:59 PM

Thank you!

From fusterbj to Everyone: 03:00 PM

Thanks so much!

From Cornerstone University to Everyone: 03:00 PM

Thank you!

From nksanders to Everyone: 03:00 PM

thank you!

From Alberta Certo to Everyone: 03:00 PM

where can we ask more questions. this was a great introduction, but i am feeling overwhelmed.

From Nathan Grant to Everyone: 03:00 PM

TY!

From Amy to Everyone: 03:00 PM

Thank you!

From Sarah Hurtado-NSSE Project Associate to Everyone: 03:00 PM

If I didn't get to your questions-I apologize. But please be sure to email us at nsse@indiana.edu and we can get all your questions answered!

From Steve (Cortland) to Everyone: 03:00 PM

Thanks!

From narine.hakobyan to Everyone: 03:00 PM

is it possible to get comparison report for the majors that we provide in our institution

From Joanne DeMarco to Everyone: 03:00 PM

thank you

From Calixto to Everyone: 03:00 PM

Thank you.

From Soo to Everyone: 03:00 PM

thanks

From negir to Everyone: 03:00 PM

Thank you!

From Rohem to Everyone: 03:00 PM

Thank you

From ladams to Everyone: 03:00 PM

Thanks for the chat questions/answers.

From Sarah Z to Everyone: 03:00 PM

Thank you!

From Saint Mary's University to Everyone: 03:01 PM

Thanks!

From narine.hakobyan to Everyone: 03:01 PM

Thank you!

From tue50686 to Everyone: 03:01 PM

thank you!

From Tiffany Small to Everyone: 03:01 PM

Thank you

From Pat to Everyone: 03:01 PM

If data in the multiyear change is within the confidence intervals, it does not mean that the change is not statistically significant, how can I determine whether the change is significant?

From Western Michigan University to Everyone: 03:01 PM

If we see on our snapshot report an item where we are lowest performing and then dive into the data on the frequency distribution and it doesn't look lower there, what does this mean?

From cgoldstein to Everyone: 03:01 PM

Thanks

From CMcManus to Everyone: 03:01 PM

Thank you.

From John to Everyone: 03:01 PM

Thank you.

From Soo to Everyone: 03:01 PM

taking look at bivariate correlation with GPA?

From Duane Slemmer to Everyone: 03:01 PM

I've logged into the website but don't see how to access the NWCCU Accreditation Toolkit

From Steve (Cortland) to Everyone: 03:01 PM

Is it possible to get some kind of FSSE-NSSE comparison report if we did the surveys in different years?
E.g., we did FSSE in 2016, NSSE in 2017

From Rohem to Everyone: 03:02 PM

what if the self-reported majors are not offered by our institution. Can that be corrected?

From ER to Everyone: 03:02 PM

How do I replicate the scores you present in your report in my raw dataset?

From Sarah Hurtado-NSSE Project Associate to Everyone: 03:02 PM

The Accreditation Toolkits are located here: http://nsse.indiana.edu/html/regional_accred_toolkits.cfm

From Hong to Everyone: 03:02 PM

May I ask how to request major reports (up to 10 groups)?

From Paul Peterson to Everyone: 03:02 PM

is it possible to get the survey instrument and modules in an excel sheet? We are hoping to condense the items in an easily readable format to share with units across campus

From Sarah Hurtado-NSSE Project Associate to Everyone: 03:02 PM

Email us at fsse@indiana.edu and we can figure that out!

From narine.hakobyan to Everyone: 03:03 PM

is it possible to get a comparison report for all respondents

From Western Michigan University to Everyone: 03:03 PM

I'm looking at our first year group and it shows we are at -4 on a question 4b but when we look at our freq. dist. report it shows the same mean as our comparison groups so it just looked odd.

From Brian Doore to Everyone: 03:03 PM

one issue commonly raised is the non-response rate for the NSSE — how to best handle this?

From Calixto to Everyone: 03:03 PM

I would like to use our 2014 first year data and track if they were retained each year using logistic regression and the engagement questions as independent variables. Do you know if anyone has ever done that and does that sound reasonable?

From ladams to Everyone: 03:04 PM

I didn't understand the answer about the Major Field Report comparisons. If we change the composition of a Major Category, are the resulting comparisons with other institutions in the same Major Category adjusted somehow to have the same composition? That seems unlikely.

From John to Everyone: 03:04 PM

As Rohem mentions, some self-reported majors don't really match with majors offered here, one example is pre-veterinary medicine. I am inclined to combine the true major from other sources rather than rely on the self-reported majors.

From Sarah Hurtado-NSSE Project Associate to Everyone: 03:04 PM

Hi Brian-- we are happy to chat more with you about response rates, but we also have this resource: http://nsse.indiana.edu/pdf/Resp_Rate_FAQ.pdf

From ladams to Everyone: 03:05 PM

I agree with John.
